NKFD1W6BLDSC

- Factory configured with 6 or 12 duplex SC adapters for fast and easy cabling and installation
- Slide-out drawer slides forward a full 300mm for service access to all fiber terminations, connections, and/or splices
- Supports both field termination via pot-and-polish using Panduit NetKey connectors, or fusion splicing with appropriate slack storage and cable management provisions
- Trunk and interconnect cable entry via PG11 glands, 5mm blown fiber glands, 20mm knock-outs, or 30mm rubber grommets
- Simple two-piece, all-metal body construction for easy and economical installation with no loose components to misplace; improved protection over plastic fiber drawers
- Dedicated silk-screened white labeling areas on drawer front for individual fiber adapters and overall enclosure labeling for proper channel identification and patch cord traceability
