Dual MIL - Type 1/4" Phone Plug

Design and material strictly in accordance with Specification MIL - P- 642(A), MIL part number molded or stamped on handle, manufacturer's trademark (as required in MIL Specification) appears on plug body. Ideal for use in broadcast and recording studios, military, industrial and telephone switchboard applications, instrumentation and telemetry. Individual plugs, featuring one - piece tip rod and one - piece sleeve and plug body, with complete continuity of thermoplastic insulation between plug elements, are placed into handles to provide a double Twin - Plug® plug (two electrically - independent 2 - conductor plugs spaced .625 inch center - to - center, with self - alignment feature). 411, 414 and 415 Twin - Plug plugs have provision for use of Cord Clamp Number S2674. 412 Twin - Plug has external Cord Anchor.
