E	Yellow		

Materials & Finishes

Standard materials are shown in the descriptions of accessories and hardware in this section Y. All of the nickel and chrome platings are bright finishes. The codes shown below should be used for ordering optional finishes and materials. Contact the factory for availability of these custom finishes and materials.

Hardware Threading

Many hardware pieces are available in both metric and inch threading, and in such cases **M** (metric) and **H** (inch) are noted in the descriptions. The customer must select threading by placing an M or H after the basic AT part number. If the hardware is available only in metric or inch, no code is used in the description; threading is designated on the drawing.

3	Black	7	Dull nickel
4	Bright chrome	8	Zinc plating
5	Satin chrome	9	Natural aluminum
6	Bright nickel		

AT010s~ AT090s
