Demos

Fluke Networks' Electrical Contractor Telecom Kits are comprised of industry standard telecommunications tools and test equipment, in a durable cordura case. The kits are designed for technicians who install, test and troubleshoot phone and data lines.

Electrical Contractor Telecom Kit I includes a TS®30 Test Set w/ Angled Bed-of-Nails Cord, D814 Impact Tool, EverSharp 66/110 Cut Blade, Electrician's D-Snips, Cable Stripper, Standard 4-Wire Modular Adapter and Probe Pic.

Electrical Contractor Telecom Kit II includes the same items but offers the Pro3000 Analog Tone & Probe in place of the TS30 Test Set.
