Figure 1: Dimensions of the 16-pin connector. The diagram shows a top view and a side view of the connector. The top view includes dimensions for the pin array: $-D = (\text{No. of Pins per Row}/30) \times (20.00) .7875$, $-DP = (\text{No. of Pairs per Row}/20) \times (20.00) .7875$, $(20.00) .7875$, $(7.11) .280$, $(0.50) .0197$, $(0.20) .008$, and $.01$. The side view shows the profile of the connector with dimensions A and $.01 \text{ \& } -.02$.

- Board Spacing Standoffs. See SO Series.
