Description

Tripp Lite's U360-007 USB 3.0 Charging Hub plugs into a computer's USB 3.0 port and provides seven USB 3.0 SuperSpeed peripheral ports, and one charging port for charging tablets such as an iPad. Dedicated charging port supplies the extra amperage needed to charge tablets, which most USB hubs do not include. Plug-and-Play... no software or drivers required. Automatically switches to the highest speed supported by the peripheral. Windows (compatible with Windows 8) and Mac compatible.

Features

- USB 3.0 ports support 5Gbps transfer speeds when plugged into a USB 3.0 computer and peripheral
- Charging port provides 5V,2A for tablet (iPad) full battery charging
- USB 3.0 ports support up to 900mA per port
- The included external power supply provides 4A of power, to be shared between the hub ports (up to 2A for iPad charging port)
- Plug-and-Play
- No software or drivers required
- Windows (compatible with Windows 8) and Mac compatible
- Overcurrent protection
- LED power indicator light
