

KRD CONNECTOR

2.0mm pitch/Disconnectable Insulation displacement connectors

This 2.0 mm pitch insulation displacement connector is another version of the NRD connector for printed circuit boards. The KRD connector allows daisy chaining and is very useful in simplifying connection systems in electronic equipment.

- Daisy chain connection
- Twin slot insulation displacement section
- Distortion resistant construction
- Interchangeability
- Low profile design - a mere 9.0 mm high from the PC board surface
