

HP Plastic P-Clips

Features and Benefits

Manufactured from Polyamide these P-Clips offer good temperature resistance as well as offering high strength. A feature of the NX clips is their versatility to accept cables of differing sizes through the use of a range of fixing holes – this feature enables users to minimise stock holding of a large range of clips.

Application

For permanent or semi-permanent cable fixings, this range of P-Clips can be used in a variety of industries. Their light weight makes them particularly suitable for use in the aerospace industry where minimising weight, but retaining a strong fixing is vitally important.
