

Dichtung / seal

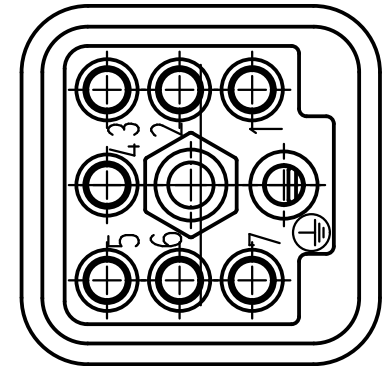

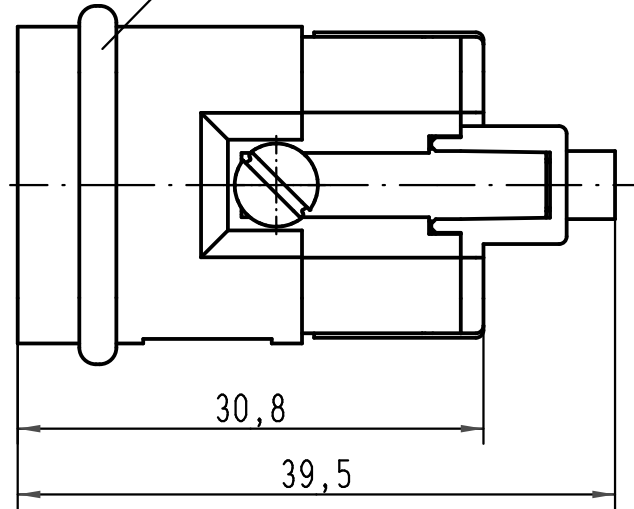

Figure 1 displays six pairs of male (M) and female (F) genitalia diagrams, labeled I through VI. Each pair consists of a male genitalia diagram on the left and a female genitalia diagram on the right. The diagrams illustrate various morphological features, including the shape of the aedeagus, the structure of the parameres, and the arrangement of the genitalia components. The labels I, II, III, IV, V, and VI are positioned above each pair of diagrams.
