

Small Flashlights

#1950 MINI-SYSTEM

Includes the Mitylite™ with batteries, spare lamp, Lite bender, two night vision discs (red and blue/green), spare o-ring and a stainless steel split ring. The container is a very stylish and attractive case that could be used for many applications and the contents are our hi-performance flashlight combined with interesting accessories. You break it, we replace it... forever.

#1900, MITYLITE™

Mitylite™ is made of unbreakable space age hi-impact polycarbonate resin and is 4.5" (11.3 cm) in length. Its laser spot Xenon lamp module can cut through water, smoke, fog, and rain making it a perfect light source for all applications. The MityLite™ is compact, lightweight and equipped with a shirt clip, making it easy to fit into pockets, purses, tool kits, camera bags, or glove compartments. Accidental turn on and mechanical switch failure is eliminated because of the rotary on/off switch. The MityLite™ is submersible to 500 feet. You break it, we replace it... forever.
