

## Blade Fuseholders - FH2 Stackable Block Fuseholder for ATO® Style Blade Fuse Rated 80V

RoHS

## Specifications

|                     |                                                                     |
|---------------------|---------------------------------------------------------------------|
| <b>Housing:</b>     | Out of thermoplastic (UL 94-V0, heat-resistant)                     |
| <b>Connections:</b> | Leaf spring connector systems, crimp contacts, copper alloy, tinned |
| <b>Color:</b>       | Black                                                               |
| <b>Cover:</b>       | Thermoplastic (transparent)                                         |

Blockholder for ATO / FKS size fuses-links. Attachable in X- and Y-direction. Rated voltage 80V; crimp terminals.

Blockhalter für Sicherungen in ATO / FKS-Größe. Montage in X- und Y-Richtung möglich. Nennspannung 80V, Crimp-Kontakte.

**Dimensions in mm / Maße in mm**
