- FL_B = unsupported with permitted sag
- FL_G = unsupported with straight upper run

**When to use the Series 09
“Zipper”:**

- If fast, zipper-like accessibility to cables is required
- If quick, easy insertion of cables with pre-assembled connectors is required
- If quieter operation is required
- If aesthetic design is required
- If high acceleration and travel are required

**When not to use the Series
09 “Zipper”:**

- If access to cables via individual links is not required
- If cable installation without opening lids is possible
