

Panel Mount

- Innumerable Keying Combinations
- Pins and Sockets Can Be Intermixed In The Same Housing
- Positive Polarization
- Rear Cavity Identification
- Pin or Socket Contact Can Be Hot
- Positive Locking Housings
- Insulation Capability To .200 (5.08) Diameter
- Removable, Crimp Snap-In Contacts
- Low Contact Mating Force

- Harness to PC Board Capability Using Pin or Socket Header Assemblies
- Contacts are on .250 (6.35) Centerline Spacing
- Recognized Under Component Program of Underwriters Laboratories Inc. File No. E28476
- CSA Certified File No. LR 7189
- Tested By VDE Under Their Test Report #14397-1431-1003
- Rated for 600 VAC or DC
- Not Recommended For Interrupting Current
- Dual Locking Lances Provide Optimum Contact Stability

This series of connectors provides a highly reliable and economical means of grouping multiple-lead connectors in today's computer, computer/peripheral equipment and business machines.
