

UniCam® Connector Installation Tool Kits

A LANscape® Pretium™ Solutions Product

features and benefits |

Terminates single-mode and multimode fibers	Various installation options
Convenient carrying case	Minimizes setup and teardown time
Continuity test set (CTS)	Training and scrap rate reduction
Visual feedback signal (TKT-UNICAM-MTP)	Termination confirmation
Pretium™ Cleaver (TKT-UNICAM-PFC)	Superior cleave performance

Corning Cable Systems offers several tool kits for installation of UniCam® Connectors for data centers, fiber-to-the-desk applications and for local area networks, including main cross-connects, telecommunications rooms and enclosures.

The main offering in installation kits is the UniCam Pretium™ Tool Kit (TKT-UNICAM-PFC). This is a carefully designed tool kit that virtually eliminates human variability from the installation process. The TKT-UNICAM-PFC includes a lightweight, handheld installation tool with an immediate go/no-go feedback signal to provide unmistakable confirmation of a successful termination. The kit's high-performance cleaver has an integrated fiber scrap bin and a dual-clamp precision hold for the field fiber, with a diamond blade to achieve a superior cleave. It can be used with multimode or single-mode LC, SC, ST® Compatible

UniCam® Connector Installation Tool Kits

A LANscape® Pretium™ Solutions Product

UniCam Connectors (standard and Pretium™-Performance) and is required to achieve Pretium-Performance specifications for UniCam Pretium-Performance Single-Mode Connectors.

The standard UniCam Connector Installation Tool Kit (TKT-UNICAM) is a basic installation tool kit used to terminate all single- and 2-fiber UniCam Connector styles (SC, LC, ST® Compatible, FC and MT-RJ Connectors). UniCam Pretium™-Performance Multimode Connectors (SC, LC and ST Compatible) can achieve Pretium performance with the use of this kit. A convenient carrying bag is provided with all the components necessary to terminate UniCam Connectors. The TKT-UNICAM can also be upgraded with a continuity test set (TEST-UNICAM-CTS) that provides a visual feedback feature when terminating connectors. The installer can watch for a red glow in the back of the connector to dim or disappear indicating that the field fiber is inserted properly into the connector. This is very useful for training new installers and reducing scrap rates.

For quick termination of ribbon cables, the UniCam MTP® Connector Installation Tool Kit (TKT-UNICAM-MTP) is a single-ferrule design that terminates 12 fibers at a time on one connector. Compact and easy to carry, the kit contains a high-performance ribbon cleaver for superior cleave performance. The TKT-UNICAM-MTP also includes a ribbon coating thermal stripper, ribbon insertion tool, crimp tool and fiber preparation and cleaning materials.

ordering information |

A LANscape® Pretium™
Solutions Product

Part Number	Description
UniCam® Pretium™ Tool Kit	
TKT-UNICAM-PFC	UniCam Pretium Tool Kit; includes UniCam Pretium Installation Tool for termination of multi-mode and single-mode SC, LC and ST® Compatible Connectors; includes Pretium Flat Cleaver, 1.25 and 2.50 mm VFL ferrule adapters and all required fiber preparation, cleaning tools and materials
TKT-UNICAM-PFC Accessories	
FBC-015	Pretium Flat Cleaver
FBC-14-15-16-BLADE	Replacement Blade for the Pretium Flat Cleaver
TL-UCP	UniCam Pretium Installation Tool
VFL-A125	LC 1.25 mm VFL Ferrule Adapter
VFL-A250	SC and ST Compatible 2.50 mm VFL Ferrule Adapter
VFL-AKIT	LC 1.25 mm and SC and ST Compatible 2.50 mm VFL Ferrule Adapters
Standard UniCam Connector Installation Tool Kit	
TKT-UNICAM	Basic Installation Kit for single-fiber and 2-fiber UniCam Connectors, terminates single-fiber ST Compatible, SC, LC and FC, as well as 2-fiber UniCam MT-RJ Connectors; includes FBC-001 Score and Snap Cleaver; includes all required fiber preparation, cleaning tools and materials
TKT-UNICAM Accessories	
FBC-001	Score and Snap Cleaver
TEST-UNICAM-CTS	Converts an existing TKT-UNICAM kit to add the CTS option; contains splitter box, SC, ST Compatible, LC and MT-RJ CTS adapters and jumpers
VFL-350	Visual Fault Locator, 635 nm penlight style

UniCam® Connector Installation Tool Kits

A LANscape® Pretium™
Solutions Product

ordering information | (continued)

Part Number	Description	Qty
TER-CTS-MTRJ	CTS Adapter for UniCam® MT-RJ Connectors	
TER-CTS-SC	CTS Adapter for UniCam SC Connectors	
TER-CTS-ST	CTS Adapter for UniCam ST® Compatible Connectors	
TER-CTS-LC	CTS Adapter for UniCam LC Connectors	
VFL-350	Visual Fault Locator, 635 nm penlight style	
2104359-01	Universal Connector Cleaning Cassette, cleans pinned and pinless connectors with ferrules	

Cleaning Accessories

TKT-CLEAN-SFC	Kits contain recommended products to effectively clean 2.5 mm and 1.25 mm single-fiber connectors	
FCC-CLEANER-FIBER	Fiber Optic Cleaning Fluid	
FCC-WIPES	Wipes, (90 per tube)	

UniCam MTP Connector Termination Kit (TKT-UNICAM-MTP)

200FM	Microscope, 200x coaxial inspection	1
JCT-001	Ribbon Jacket Cutting Tool with blades	1
