

Injector Connections

(Selected Products)

DELPHI

Summary

- 2 way connections

- Multec 1
 - Multec 2

- 2 way connections

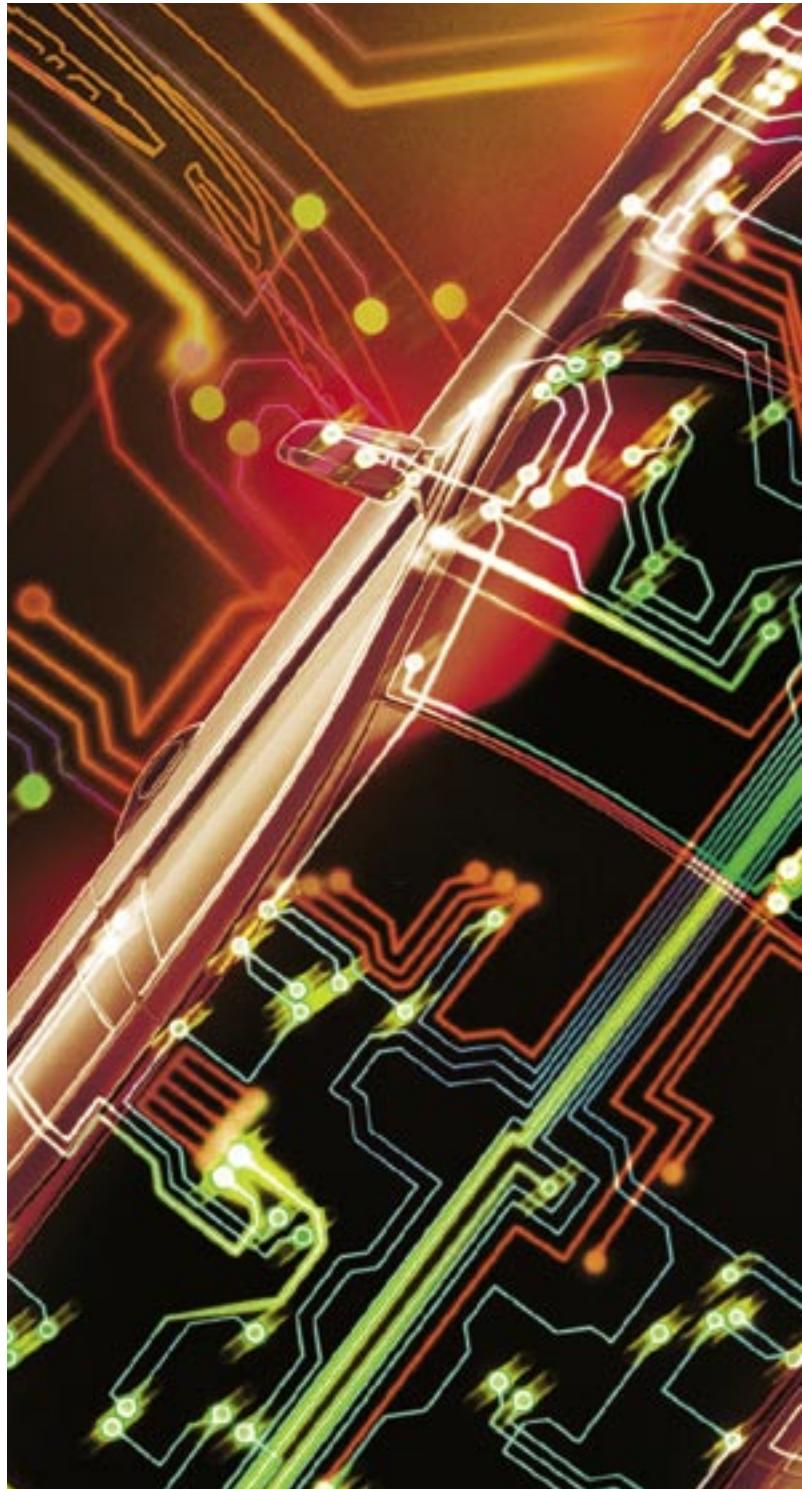

- EV6
 - EV6-USCAR

- 2 way connector

- Diesel Injector

- Typical terminals and

- single wire seals

We have made every effort to ensure that the information contained in this document is accurate; however, changes are often made to update our specifications, part numbers, or introduce new product families. An application or sales engineer can help to determine which product best suits your application guidelines. Our global engineering, manufacturing network, and distribution capabilities are available to help you select the most suitable product.

We recommended that you use this catalog as a guide only. For additional part numbers and specifications contact your sales account manager or call your regional support representative at the number listed on the back cover.

Specifications subject to change without notice.

2 way connections
Multec 1

Fig	Part number	Description	Color
1	12131678	2 way connector 2.8 sealed	black
2	12147192	TPA with conduit fixing straight AD10 for fig 1	black
3	15327798	TPA with conduit fixing 90° AD10 for fig 1	black
4	15364309	2 way connector 2.8 sealed	black
