

## Product Change Notification

**PCN Number: 1008-00**

**Title:** Heatsink GE Infusion Wire Routing Modification

**PCN Publish Date:** January 27, 2012

**Effective Date:** January 27, 2012

---

**PCN Type:** ("X" Appropriate PCN Type)

☐ Discontinuance

☐ Labeling

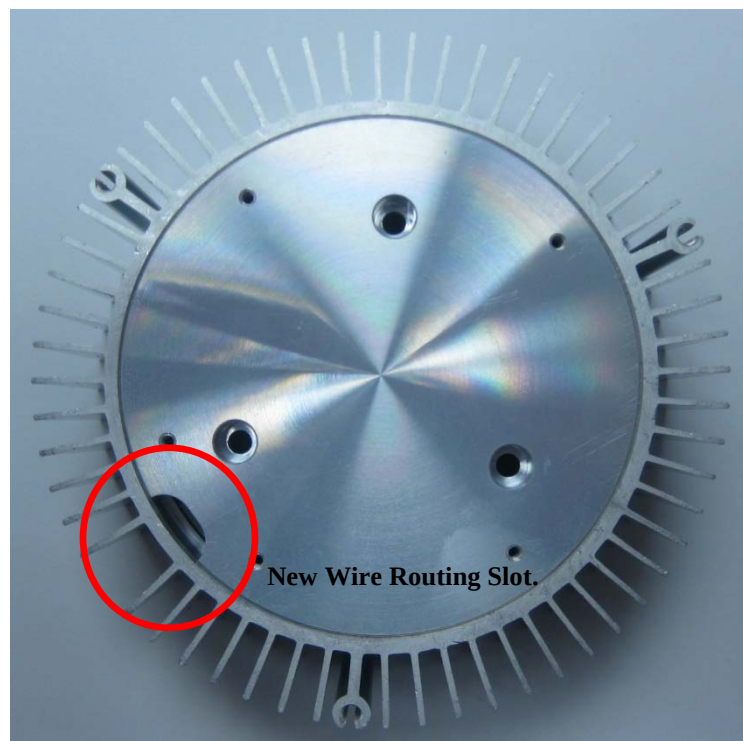

☒ Product Revision

☐ Other

---

### Description of Change:

A wire routing slot has been added to the Twist Module Cooler 43W Heatsink. This Heatsink is the primary Heatsink for the GE Infusion Module. The new slot allows the wires of the GE Infusion Module to be routed through the face of the Heatsink.
