Helawrap HWPP

Helawrap puts an end to cable chaos at home and in the office. The versatile cable cover organises and protects the cables and wires of your PC, TV set, DVD player, VCR or hi-fi system. Applying Helawrap is fast and simple. The unique design allows the user to easily branch off cables at any point of the cover, saving time and effort. You can also remove and re-apply Helawrap as often as you like.

Features and Benefits

- Polypropylene (PP)
- Practical 2 metre length
- Covers a large range of applications with two standard bundle diameters of 16 mm and 25 mm
- Available in black, grey and silver
- Excellent crush resistance and flexibility
- Provides a better organised, tidy and safe electrical environment
- Protects cables and wires effectively from mechanical stress
- Applied rapidly with a simple sliding action
- Unique aperture design for branching off cables at any point

Application

The practical 2 metre Helawrap is designed particularly for domestic and office use. Multiple Helawrap cable covers can be applied in a series to provide continuous protection of even long lengths of cable. 25 metre lengths for large-scale applications are available on request. A handy applicator tool is always included.

Choice of colours for various home and office environments.

Helawrap, the fast and easy solution to your cable chaos, available in 2 sizes and 3 colours!

Insert one or more cables into the insertion slot of the applicator tool.

Place the applicator tool in one end of the Helawrap cable cover.

Simply slide the applicator tool through the Helawrap cover.
