

0.5mm pitch low profile one-touch connector for FPC CONNECTOR

MB-0079-1

August 2002

FA5 Series

Standard Mounting Type

Bottom Mounting Type

FA5 connectors are 0.5mm pitch low profile connector for FPC, in response to demand for thinner and more compact telecommunication devices such as mobile phones.

Features

- ZIF structure for easy insertion and removal of FPC.
- Easy handling thanks to rotation of actuator.
- SMT type suitable for automated mounting, available on embossed tape.
- Hold down structure with winding and straining protection.
- Two mounting types: standard type and bottom type
- Connector with lead-free countermeasure.
- Connector mounting height 1.45 mm, low profile structure.

General Specifications

- | | |
|---|---|
| ■ No of contacts: 6, 8, 10, 15, 16, 18, 20, 22, 26, 30, 36, 40, 45 and 50pos. | ■ Rated current: AC,DC each 0.8A per terminal |
| ■ Contact resistance: 20m ohm max. | ■ Insulation resistance: 100M ohm min. |
| ■ Withstand voltage: AC 250Vr.m.s. per minute | ■ Life time: 20 times |
| ■ Operating temperature: -40°C to +85°C | ■ Contact pitch: 0.5mm pitch |
| ■ Rated voltage: AC,DC50V per terminal | ■ Applicable FPC/FFC: 0.5mm pitch thickness 0.3 (+0.05 -0.05) with lining |

Materials and Finishes

Components	Materials	Finishes
Actuator	Synthetic resin	No(UL94V-0)
Base Insulator	Synthetic resin	No(UL94V-0)
Contact	Copper Alloy	Sn-Cu plating or Au plating/Sn-Cu plating
Hold down	Copper alloy	Sn-Cu plating

Notice: Products shown in this leaflet are made for the applications listed below. However, if the abovementioned products are to be used in aerospace devices, marine cable-connection devices, atomic power control systems, medical equipment for life-support systems, or any other specific application requiring extremely high reliability, please contact JAE for further information.
Recommended applications: Computers, Office machines, Measuring devices, Telecommunication devices (Terminals, Mobile devices), AV devices, Household applications, FA devices, etc.
