Lista drawer partitioning accessories provide complete protection and systematic organization for whatever you need to store – from tools to electronic components to small parts.

Customized compartments

The partitioning slots on the sidewalls of all Lista drawers are $2\frac{1}{32}$ " apart, both front to back and side to side, providing for more possible partitioning configurations than any other drawer in the industry. Anything you need to store has its specific compartment, is well protected and easily retrievable.

Solving difficult problems

Our experienced technical support and design team is pleased to review your inventory and assist you in solving any difficult storage problem, free of charge.

How to Order **Custom** Drawer Partitions and Dividers

These are the basic steps required for ordering custom drawer partitions and dividers from Lista.

EASY-ORDER DRAWER INTERIOR SETS:

Preconfigured drawer interior sets for many popular drawer layouts are available for all sizes of Lista drawers:

NW Width	page 17
MP Width	page 21
SC Width	pages 26-27
MW Width	page 31
DW Width	page 35
CL Width	page 47
ST Width	page 51
HS Width	page 55

For tool holders, tool trays for drawers, drawer frames and other CNC and machine tool accessories, please see pages 90-91.

The Lista drawer subdivision system

Lista drawers are subdivided using 2 basic accessories: partitions, which divide the drawer into rows, and dividers, which define compartments within those rows.

The part designations for ordering partitions or dividers have 3 components:

1. **A letter or letters prefix indicating the part.** "P" is for slotted drawer partitions, "LP" is for plain drawer partitions, and "D" is for aluminum drawer dividers (for descriptions, see page 119).
2. **A number indicating the drawer model (height) number**, and therefore the height of the partition or divider.
3. **A number indicating the length of the partition or divider** in slots/units.

Drawer slot/unit dimensions are as follows:

NW Width	19 units W x 36 units D
MP Width	27 units W x 36 units D
Standard Width	36 units W x 36 units D
Mid-Width	64 units W x 36 units D
Double Width	78 units W x 36 units D
CL Width	27 units W x 27 units D
ST Width	36 units W x 27 units D
HS Width	54 units W x 27 units D

The examples to the right use an HS Width shallow depth cabinet drawer (40 1/4" wide) which has 54 slots/units side to side and 27 slots/units front to back.

Slotted and Plain Drawer Partitions

Partitions can divide a drawer into either horizontal or vertical rows.

The length of the partitions used in a drawer is determined by the number of slots/units in the drawer, front to back or side to side.

Aluminum Drawer Dividers

To further divide drawers into smaller compartments, order aluminum drawer dividers. To divide each of the 3 sections in the previous examples into 3 smaller sections, you would order 2 drawer dividers for each large section or a total of 6. **To subdivide drawers using dividers, you must specify slotted drawer partitions.**

EXAMPLE A: if you want to divide a model HS100F drawer into 3 sections each, running front to back, order 2 slotted drawer partitions **P100-27**.

P = slotted drawer partition
100 = drawer height model number
27 = units front to back

EXAMPLE A: if you have divided the drawer into 3 equal sections running front to back, each section is 18 slots/units wide ($54 \div 3 = 18$). So order 6 **D100-18** dividers.

D = drawer divider
100 = drawer height model number
18 = units wide

EXAMPLE B: if you want to divide the same drawer into 3 sections running side to side, order 2 slotted partitions **P100-54**.

P = slotted drawer partition
100 = drawer height model number
54 = units side to side

EXAMPLE B: if you have divided the drawer into 3 equal rows running side to side, each section is 9 slots/units wide ($27 \div 3 = 9$). So order 6 **D100-9** dividers.

D = drawer divider
100 = drawer height model number
9 = units wide

Partitions and Dividers

Slotted Drawer Partitions

These slotted steel sheet partitions are the basic drawer dividers. They divide drawers into small or large compartments by length and/or width. Partition ends slide easily into drawer sidewall slots and can be bolted to the perforated drawer bottom. Partitions are slotted at $2\frac{1}{32}$ " intervals to match the drawer sidewalls and should be ordered to match particular drawer heights, widths and depths (see chart). Color: gray.

FOR USE WITH DRAWER HEIGHT

Plain Drawer Partitions

For use when drawers will not be subdivided using dividers. These non-slotted steel sheet partitions divide drawers into larger compartments either by length or width. Bottom strips can be bolted to the perforated drawer bottom for additional stability, and the ends slide into slots in drawer sidewalls or slotted drawer partitions. Plain partitions should be ordered to match drawer sidewall height. Color: gray.

FOR USE WITH DRAWER HEIGHT

Drawer Slot Snap-On Label Holders

Clip-on label holders (not included, see to right) can be attached to these durable red plastic holders, which fit all slotted partitions or slotted drawer walls for labeling adjacent drawer contents. Angled for easier reading.

PART NO.	WIDTH	HEIGHT
SLH-1	1 3/16" (30mm)	5/8" (16mm)
SLH-2	2" (50mm)	5/8" (16mm)

Aluminum Drawer Dividers

Dividers subdivide drawers into smaller compartments for specialized storage. Aluminum dividers come in a variety of lengths and slip into slots in drawer sidewalls and/or slotted drawer partitions. Top edges are rounded and smooth for safety. Full-width angled top can accommodate most text and bar-code labels. Dividers can be fastened to drawer bottom for greater stability (fasteners included). Dividers should be ordered to match drawer sidewall height.

DLH-2	drawer slot snap-on label holder SLH-2
DLH-3	all aluminum drawer dividers

Plastic Boxes

Plastic Boxes

Made of high impact polystyrene (HIPS) red plastic, these boxes are for storing small parts. Boxes slip in and out of drawers or plastic box rails for easy loading and dispensing and have label holder slots. Boxes should be ordered to match particular drawer height.

PART NO.	FOR DRAWER NUMBER/HT.	L X W X H	MAX. BOXES PER DRAWER/HOUSING STYLE

Angled Label Holders for Plastic Boxes

Fits into slot in plastic boxes. Transparent label protectors included.

PART NO.	FOR USE WITH
X280*	plastic boxes (red)
X280-AS	conductive plastic boxes (black)

*not for use with PB-24 box

Grooved Tray Divider

1 1/8" wide x 1" high galvanized steel divider fits into slots in grooved tray to separate and label contents.

PART NO.

2GTD

Grooved Trays

Grooved Trays

These high impact red ABS plastic trays are for individual storage of side sensitive tools such as taps and reamers. Tools are held in place by wedge-shaped grooves which prevent side-to-side movement in the drawer. In 2 parts, each part with end tongues to fit slotted partitions or drawer sidewall. Each 2-part tray is 9 units (153mm) wide x 97mm deep. Sectioned off with D-9 drawer dividers. Larger trays in the set are slotted for clip-on label holders (not included, see page 119). Grooved tray dividers (see to left) not included.

PART NO.	FOR MAXIMUM TOOL DIAMETER	NO. OF GROOVES
PGT-19	5/16" (8mm)	11
PGT-29	9/16" (14mm)	8
PGT-39	3/4" (20mm)	6

Slotted Grooved Trays

Trays are for storage of drills, gauges, mills, etc. Made of durable high impact polystyrene (HIPS) red plastic with end tongues so units snap together to form a continuous tray. Slotted at 9/16" increments, plastic dividers subdivide individual grooves into smaller compartments. Each 6" x 6" tray can have 2, 3, or 4 grooves. Clip-on label holders not included (see page 119).

PART NO.	FOR MAXIMUM TOOL DIAMETER	NO. OF GROOVES	SLOTTED TRAY DIVIDERS PART NO.	AVERAGE QTY. REQUIRED PER SLOTTED TRAY
SGT-4	1 1/4" (33mm)	4	STD-4	5 dividers

SGT-4AS	1 1/4" (33mm)	4	STD-4AS	5 dividers
SGT-3AS	1 3/4" (45mm)	3	STD-3AS	4 dividers

Paper Label Sheets

Perforated sheets of label paper allow printing of labels with Lista Script software that fit perfectly into the wide variety of Lista label-holding tabs and covers. One package of 18.784 drawer handle labels is included with each Lista cabinet.

PART NO.	LABEL SIZE	FOR USE WITH	SHEETS/PKG.	LABELS/SHEET
18.784	210mm x 22mm	all hinged drawer handle covers	5 sheets (A4 size)	30
18.785	47mm x 18mm	DLH-3 label holders	2 sheets (A4 size)	52
18.786	47mm x 12mm	X280 and X280-AS label holders	2 sheets (A4 size)	76
		DLH-2 label holders		
18.787	27mm x 12mm	DLH-1 label holders	2 sheets (A4 size)	133
18.932	52.5mm x 18mm	self-adhesive label holders	2 sheets (A4 size)	52

Other Accessories

Milling Cutter Holders

Tools with center holes are put over these holders for non-slip stability in the drawer. Red high-impact plastic holders can be fastened together to any required height and are bolted to perforated drawer bottom. Nuts are included.

PART NO.	FOR ARBOR-HOLE SIZE
CH-1	1/2" (12mm)
CH-2	5/8" (15.5mm)
CH-3	7/8" (21.5mm)
CH-4	1" (25mm)
CH-8	1 1/16" (26.5mm)
CH-5	1 1/4" (31mm)
CH-6	1 1/2" (37.5mm)
CH-9	1 9/16" (39.5mm)
CH-7	2" (49.5mm)

Corrugated Steel Supports

For holding arbors, punches, drifts, etc., with 17 recesses. Held with plain partition. Pressed steel sheet, electrophoretically deposited, stoved enamel. Finished in gray.

PART NO.	LENGTH
X1152	18"

Holding Pins

Galvanized steel rods with screw bottoms are bolted to perforated drawer bottom for positioning and holding irregularly shaped tools. Nuts included.

PART NO.	DIAMETER	HEIGHT
HP-1	1/4" (6mm)	1" (26mm)
HP-2	1/4" (6mm)	2" (52mm)
HP-3	1/4" (6mm)	3" (77mm)

Slotted Tool Supports

These 1/16" thick, 24" long aluminum slotted carriers are perfect for storing wrenches, etc. Bottom strip is bolted to perforated drawer bottom. Fasteners included. Ordered individually.

PART NO.	HEIGHT	SLOT OPENING
X214	1 1/16" (26.5mm)	1/4" (7mm)
X36	1 1/16" (26.5mm)	3/16" (5mm)

Arbor Holders

For horizontally storing tools larger than standard grooved trays. Supports are bolted in pairs to perforated drawer bottom. Elongated slots for fastening bolts allow precise positioning for particular tool diameter. Made of durable high impact red plastic. Fasteners included. Comes in pairs.

PART NO.	SIZE
AH	1" W x 3" D x 2" H
	25mm W x 75mm D x 50mm H

Metric Allen Key Holders

Red high impact plastic trays for sets of allen wrenches 1.5mm to 10mm.

PART NO.	SIZE
AKH	6" wide x 6" deep x 1" high

Molded Collet Holders

For the storage of standard collets in drawers. Trays sit over partition slots on the sides of the drawer, so the full usable width and depth of the drawer may be used. Each collet holder is 12" wide x 9 1/2" deep x 2" high.

PART NO.	HOLDS
CH-25MM/R8-72	(72) R8 collets/ 25mm straight tools
CH-32MM/C5-42	(42) C5 collets/ 32mm straight tools

Sliding Accessory Tray

Tray fits into any 100 height or higher NW or MP Width drawer and can slide forward or back to allow access to the rest of the drawer contents. For use with 1" high plastic boxes (PB-1, PB-2, PB-3 and PB-4). Plastic boxes must be ordered separately – see page 120.

PART NO.	FOR USE WITH
AT19	NW width drawers
AT27	MP width drawers

Foam Drawer Liners

Shadowed foam drawer insert liners protect, identify and control valuable inventory. Using a 2-layer insert system, the upper blue foam liner cushions tools and components in perfectly-shaped cut-outs, while the bottom yellow rigid foam liner makes it easy to spot when a tool is missing from the drawer.

Foam drawer liner kits consist of the following:

- (5) sheets of 1/2" thick royal blue cross linked oil-resistant Tool Control Foam (polyethylene base, standard density 2#) with self-adhesive back
- (1) sheet of 1" thick royal blue cross linked oil-resistant Tool Control Foam (polyethylene base, standard density 2#) with self-adhesive back
- (6) sheets of 1/8" thick yellow high-density cross linked Tool Control Foam (polyethylene base, standard density 2#)
- (6) vellum sheets for tracing your tools
- (1) Exacto® knife for cutting blue foam
- (1) 18" ruler for measuring
- (1) instruction booklet

Foam Drawer Liner Sets for Other Lista Drawer Sizes

Foam liner sets may be ordered individually to fit all Lista drawer dimensions. Each set includes:

- (1) sheet of 1/2" or 1" thick royal blue cross linked oil-resistant foam with self-adhesive back
- (1) sheet of 1/8" thick yellow high-density cross linked foam
- (1) instruction booklet

Other Options

- Foam liners can be custom made to your exact specifications, including designing, cutting and labeling the inserts for your specific tool storage requirements.
- Technical grade foam inserts are available for medical, crime lab or archival storage/ museum applications. This foam does not off-gas, and can be sterilized.
- Contact your Lista representative for details.
