Eaton's Moulded Accessory Range (EMA)

Product Focus

**Stylish, wiring
accessories for
modern applications**

- Independently approved to latest BS & IEC standards
- Robust high quality thermoplastic covers
- Crack resistant for arduous conditions
- Screw caps to conceal fixing screws
- Aesthetically appealing front plate design enables side by side mounting
- Colour matched with existing ranges

Eaton's Moulded Accessory Range (EMA)

Quality and value from Eaton - the global solutions selling provider

Eaton's Moulded Accessory Range (EMA) of white moulded wiring accessories has been independently approved to the latest British Standards and IEC Standards.

Designed with colour matching and aesthetics in mind, the range boasts an appealing front plate design. This enables easy side by side mounting of switches and sockets.

Manufactured in a robust high quality thermoplastic, the range offers a comprehensive selection of solutions that combine reliability and durability with quick and simple installation.

Eaton's EMA products take the lead in providing easy installation features which include:

- Screw caps to conceal fixing screws to give a clean finish
- Clear terminal markings
- Printed legends available on request

Eaton's MEM white moulded wiring accessories are the perfect choice for a wide range of residential and commercial projects where quality is essential.
