Our Story

Kroy LLC Thermal Label Division

- ► ► Founded in 1954, Kroy LLC was a pioneer in thermal transfer technology, manufacturing the first thermal printer and thermal ribbon in the United States. Today, Kroy LLC is an industry leader in Bar Code Label manufacturing, providing **Low Cost, High Quality** products shipped directly to our customers. Kroy manufactures both Thermal Labels and Ribbons, setting us apart from the competition. This allows us to offer one of the **Largest In Stock Programs** available to over 6000 of our customers nationwide.

Thermal Transfer Labels

Highly calendered, soft matte, ultra-white facestock for maximum printability and reliable error-free scans.

- High bond adhesive
- Ideal for shipping, receiving, work-in-progress and inventory management applications.
- See our ribbon product listing to select the right ribbon for your printing needs.

- **100 items In Stock Ready to Ship**
- **Next Day Delivery**
- **Personal One on One Sales Service**

Don't see your size or format?

Many customers require custom sizes that are non-stock. We have an extensive die library to accommodate your needs. Call for availability and lead time.

Do you have a particular application or printer setup that requires a special format such as:

- **Print and Apply Application**
- **Freezer Adhesive**
- **Special Core Size** (i.e. Eltron or Mobile Printer)
- **Reverse Wound, Extra Long, Extra Short**

Please call for availability and get a quote from one of our label specialists today!

Stock Direct Thermal Fanfolded Labels

Stock Thermal Transfer Fanfolded Labels

4x6 Color Thermal Transfer Label Rolls

Ideal for stock rotation, inventory control and product labeling

Direct Thermal Labels

Ultra-white, high print contrast facestock for maximum printability and reliable error-free scans.

- High bond adhesive
- 5 year shelf-life. Ideal for shipping, receiving, case labeling and work-in-progress labels.
- No ribbon required; provides an alternate cost effective method of processing labels.

Buy Direct from the Factory and Save! We provide Low Cost, High Quality Products In Stock for Immediate Delivery.

Many customers have heavy production needs. Fanfolded Labels are an ideal solution for high volume printing. Stacking neatly, these labels provide convenience for on-the-go applications in the warehouse or shipping dock.

Need to Rotate Stock?

We offer 9 Stock Colors of our popular 4x6. Great for stock rotation, inventory control and product labeling. Don't see a color unique to your facility's needs?

Please call for a quote from one of our label specialists today! 888.733.5769
