

Soldering Irons, Butane

	Model No.	Wattage	Description	Available Tips
 <div>New Item!</div>	J-050KT	50	<b>50W Automatic Ignition Butane Soldering Iron</b> Cordless, butane powered soldering iron with an assortment of tips. Ready to use within a few seconds. Approximate temperature range +400°F (+200°C) to +750°F (+400°C). Operating capacity 20 minutes at mid setting (one gas filling). Includes butane soldering iron w/ignition button, protective cap, 1.6mm conical tip, 2.4mm conical tip, chisel tip, hot knife tip, solder. Manufactured to UL standards. One year warranty.	<a href="#">JT-050</a> <a href="#">JT-051</a> <a href="#">JT-052</a>
 <div>New Item!</div>	J-080KT	80	<b>80W Automatic Ignition Butane Soldering Iron</b> Cordless, butane powered soldering iron with an assortment of tips. Ready to use within a few seconds. Approximate temperature range up to +800°F (+450°C). Operating capacity 30 minutes (80% w/fuel). Includes butane soldering iron w/ignition button, protective cap, 1mm conical tip, 2.4mm conical tip, chisel tip, hot knife tip, deflector tip, solder. Manufactured to UL standards. One year warranty.	<a href="#">JT-080</a> <a href="#">JT-081</a> <a href="#">JT-082</a> <a href="#">JT-083</a>
	J-220	-	<b>Butane Standup Torch</b> Cordless, compact torch with piezo electronic ignition. Features 220 minute refillable butane gas tank, adjustable air flow control valve, adjustable gas control valve, safety KILL/OFF switch, brass body covered with protective grip and a sturdy removable base for added safety. Approximate temperature +2500°F (+1300°C). One year warranty.	-
	J-300	-	<b>Micro-Jet</b> Cordless, compact torch with piezo electronic ignition, powered by a refillable butane cartridge. Approximate temperature +2500°F (+1300°C). Child resistant safety feature. Includes torch & refillable butane cartridge. One year warranty. (Butane included)	-
 <div>New Item!</div>	J-305	-	<b>Handy Torch</b> Personal compact torch with piezo electronic ignition system is ideal for camping, first aid, survival kits and everyday household repairs. Windproof and weatherproof. Adjustable flame for high or low temperatures. Approximate temperature range +2500°F (+1300°C). Features a 20 minute gas tank.	-
	J-310L	-	<b>Handy Torch w/LED</b> Personal compact torch with electronic ignition system and built in LED is ideal for camping, first aid, survival kits and everyday household repairs. Approximate temperature +2500°F (+1300°C). Features a 30 minute gas tank.	-
 <div>New Item!</div>	J-315BK	-	<b>Handy Torch</b> Personal compact torch with piezo electronic ignition system is ideal for camping, first aid, survival kits and everyday household repairs. Windproof and weatherproof. Adjustable flame for high or low temperatures. Child resistant design. Approximate temperature up to +2500°F (+1300°C). Features a 20 minute gas tank. Available in four colors: black (BK), blue (BL), red (RD), and yellow (YL).	-

	J-500	30-70	<b>Butane Soldering Iron and Torch</b> Cordless, butane powered, pocket size soldering iron and torch ready to use within 20 seconds. Approximate temperature soldering iron +410°F (+210°C) to +750°F (+399°C) as a torch +2500°F (+1300°C). Operating capacity 30 minutes at mid setting (one gas filling). Electrical power equivalent to 300W corded iron. Includes butane soldering iron, protective cap with igniter, 1mm conical tip, torch tip. Manufactured to UL standards. One year warranty.	<a href="#">JT-001</a> <a href="#">JT-002</a> <a href="#">JT-003</a> <a href="#">JT-012</a>
	J-600	-	<b>Butane Powered Glue Gun</b> Cordless butane powered glue gun works almost anywhere. Runs continuously for up to 100 minutes on a refillable butane energy cell. Temperature range +320°F (+160°C) to +464°F (+240°C). Uses standard 1/2" (12mm) diameter glue sticks.	-
	J-700KT	25-80	<b>Butane Soldering Kit</b> Cordless, butane powered soldering iron with an assortment of tips can be used as a torch, hot blower, and hot knife. Ready to use within 20 seconds. Approximate temperature soldering iron +410°F (+210°C) to +850°F (+454°C) as a torch +2500°F (+1300°C). Operating capacity 120 minutes at mid setting (one gas filling). Electrical power equivalent to 25W/80W corded iron. Includes butane soldering iron, protective cap with igniter, 1mm conical tip, torch tip, hot blower tip, hot knife tip, solder, wiping sponge, solder stand in a convenient carrying case. Manufactured to UL standards. One year warranty.	<a href="#">JT-001</a> <a href="#">JT-002</a> <a href="#">JT-003</a> <a href="#">JT-012</a>
	J-900	-	<b>Butane Heat Gun</b> Cordless, flameless butane heat gun with automatic piezo electronic ignition. Approximate temperature adjusts up to +1400°F (+760°C). Operating capacity 15 minutes at mid setting (one gas filling). Includes heat gun & deflector heat shield.	-
	J-1000	-	<b>Butane Soldering Iron</b> Cordless, butane powered, automatic ignition soldering iron ready to use within 20 seconds. Approximate temperature soldering iron +480°F (+249°C) to +1000°F (+538°C). Operating capacity 160 minutes of continuous use at mid setting. Includes hot blower & deflector heat shield.	<a href="#">JT-005</a> <a href="#">JT-006</a> <a href="#">JT-007</a>
