

Dimensions: mm (In.)

Schematic

Mechanical Specifications:

- Operation force: 550 ± 350g
- Switching life: 10,000 cycles (15 ~ 18 cycles/min)

Electrical Specifications:

- Rating: 0.5A/50VDC
- Contact resistance: not more than 30mΩ
- Insulation resistance: 500MΩ at 500VDC
- Dielectric Strength: 500VAC for 1 min

Material:

- Contacts: Phosphor bronze strip/Silver plated
