

Fibre Management Panel 3 (FMP 3) Body Kit & Front Plates

Features and Benefits

The Fibre Management Panel 3 (FMP 3) is a 1U 19" rack mounted panel, which allows direct mounting of the connectors into the front panel plates. Available in up to 24 ports in Duplex ST®, Duplex SC, MT-RJ and LC versions with a full range of cable fixing accessories. This panel is available in graphite grey and complements the existing range of Molex Premise Networks patch panel products.

The FMP 3 is a universal panel, using a common chassis that is interchangeable with our range of front plates.

The FMP 3 can be used as both a sliding and fixed panel.

- 19" rack compatible
- Up to 24 ports (48 fibres)
- Front plates available in Duplex ST®, Duplex SC, Duplex SC shuttered, MT-RJ, MT-RJ shuttered and LC shuttered
- Fibre management system
- Strain relief for fibre cable
- Flexibility - Separate chassis and front plates
- Molex Premise Networks graphite grey
- Dimensions: 442x291x44mm
