Reflectors

[Plastic reflectors:](#)

- For temperatures up to +65 °C
- Different sizes allow optimum adaption to specific tasks
- Self-adhesive, with mounting holes or as inserts

[Reflective tape:](#)

- Cut to size or on rolls

[Reflectors with heating:](#)

- To prevent moisture condensation

[Triple reflectors, glass:](#)

- For temperatures up to +300 °C

[Special reflectors](#)
