	18/3					.099	2,5		
	14/2	.240 x .420	6,1 x 10,7			.126 .157	3,2 4,0		

Standard color black. Consult Heyco for white and other colors.

- Automated application equipment speeds assembly and lowers costs while reducing or eliminating repetitive manual assembly motions.
- See page 3-1 for Heyco Automated Pre-Assembly Equipment.
- Installs easily with fingertip pressure into a standard round or Double "D" hole.
- Assembly friendly! Independent of insertion into the panel, RDD Right Angle Lockit Strain Reliefs self-lock onto the cable. Thus, they may be preassembled offline for final assembly at a later time or remote location, for lower installed cost!
- Multiple panel locking steps secure lockit strain relief into range of panel thicknesses.
- See page 3-23 for matching plugs which can be used to fill blank/unused mounting holes.

RDD 200-90

Material Certifications

6/6 Nylon
Recognized under the Component Program of Underwriters' Laboratories
File E15331 (far exceeds UL's 35# pull-out test).

SR Certified by the Canadian Standards Association File LR8919

Flammability Rating

94V-2

Material Temperature Index

257° (125°C)—Maximum temperature on part not to exceed 221°F (105°C)
