

Pt. # SMDPST100

- * This double sided practice PCB includes a variety of SMD configurations**
 - * Populate the board with an assortment of 98 components**
 - * All component footprints are clearly marked on board**
- * Allows you to develop the skills needed to work with SMD components**
 - * Solder & Desolder Training**
 - * Placement of Components**
 - * Thermal Profiling**
 - * Developing Rework Procedures**
 - * Evaluating Solder Wire, Flux & Solder Paste**
 - * Practice & Demonstrations**
