

Cobalt™ Co₉
Premium Vocal Microphone

C O B A L T™
W I R E D
M I C R O P H O N E S

General Product Description

The Co9 is a favorite among vocalists across all musical genres. Regardless of the live performance application, sound technicians and engineers feel confident with this mic. A slight bass roll-off and accentuated midrange make this a superb, world-class sound transducer.

Microphone Use and Placement

Please note that miking techniques are a matter of personal preference. These are merely guidelines to assist in the placement of the microphone to gain optimal performance.

Usage	Optimal Placement
Vocals	Zero to six inches from the windscreen, and on axis with the microphone.
Spoken Word	Five to ten inches from the windscreen, and on axis with microphone

Standard Placement & Use Guidelines

1. Always point the microphone at the desired source of sound, and away from any unwanted sources.
2. The microphone should be located close to the sound source to minimize interference from other potential sound sources.
3. Use the 3-to-1 rule when using multiple microphones. Place each microphone three times farther from other microphones as from the desired sound source.
4. Minimize over-handling of the microphone to reduce unwanted mechanical noise.
5. Working close to the microphone will increase the bass tone and also provide increased gain-before-feedback.

Cobalt™ Co₉

Premium Vocal Microphone

Specifications

Element	Dynamic Neodymium magnet structure
Frequency Response	50 Hz to 18 kHz
Polar Pattern	Cardioid
Impedance	Low-Z balanced (600 Ohms)
Sensitivity Open Circuit Voltage	3.2 mV/PA (-50 dBV) re 1 Pa* 1 Pa = 94 dB SPL
Microphone Connector	3-pin, XLR-type
Polarity	Pin 2 positive, referenced to pin 3 with positive pressure on diaphragm
Finish	Durable polyurethane paint
Materials	Die cast zinc housing
Dimensions Length Diameter Shank	6.7 in. (170 mm) 2.1 in. (53 mm) .85 in. (22 mm)
Weight Net Shipping	11.8 oz. (335 grams) 29.9 oz. (848 grams)
Accessories included	Stand adaptor (black) Gig bag

Warranty

Telex/EV wired microphones are guaranteed against malfunction from any cause for a period of one (1) year from the date of original purchase. This limited warranty does not cover cables, cable connectors, or switches. If your Telex/EV product fails within this period, contact our Technical Assistance group at 1-800-392-3497 or toll free at 1-800-685-2606 for details on repair, replacement, or refund. For customers outside the U.S., please call the number listed in the bottom left column of this document.
