

MODEL HM19 SERIES

Toroid Style

Common-Mode Chokes

FEATURES

- Ferrite cores for high flux density
- Complies with UL, VDE safety requirements
- Low temperature rise
- Compact construction
- Varnish impregnation to ensure highest quality
- Custom designs available

APPLICATIONS

- Switching power supply
- Common mode EMI filter
- Office equipment
- Video and audio equipment

ELECTRICAL / ENVIRONMENTAL

Insulation Resistance, Minimum	100 Megohms
Voltage Rating, Maximum	120/250 V
Insulation System	Class B, 130°C
Temperature Rise, Maximum	40°C

CONSTRUCTION

Specifications subject to change without notice.
