19" Rack cases

S C

4

T

APPLICATIONS

19" rack cases are designed to offer a simple solution to many 19" mounting applications, notably for those involving audio and radio equipment.

The design allows numerous combinations to be assembled according to the application and hence offers total flexibility for the design engineer, using common piece parts. It also allows the case to be presented in a number of attractive finishes for individual product tailoring.

Features

- Conforms to IEC 297-1, DIN 41494
- Simple design for total access
- Three depth variations
- Three height variations
- Numerous configurations for total flexibility
- Slide mounting facility

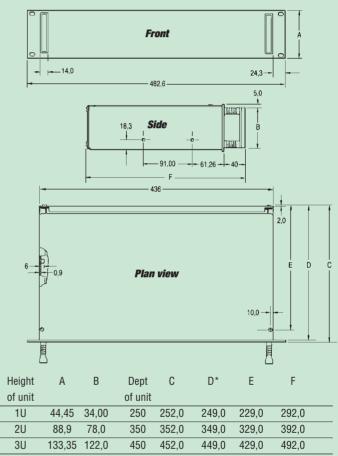

Contents of kit

Item/Description	Material/Finish	
Top and base	0.9mm RAL 7035 painted	
	steel	
Front panels	3mm anodised aluminium	
	(black or clear) or painted	
	steel 1.6mm RAL 7035	
Rear panels	1.2mm RAL 7035 painted	
	steel	
Handles	ABS RAL 7035 or black	
	and clear/black anodised	
	aluminium extrusion.	

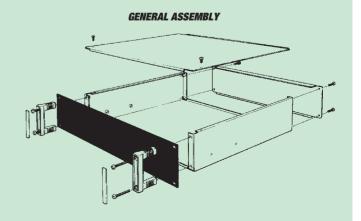

SLIDE MOUNTING

Please use the following slides 98-43211G or 98-43212C

^{*}Assuming 3mm F/panel thickness

19" Rack cases

HOW TO CONFIGURE THE RACK CASE

Since it is generally accepted that the case will consist of a top, base, front and rear, the following example illustrates how to select the configuration which best suits you.

THE TOP

This is available in 3 depths of 250mm, 350mm and 450mm in a ventilated and unventilated version and is simply attached to the case by means of two fasteners at the front.

HANDLES

These are available in 1U, 2U and 3U versions and can be either black or grey. They attach to the case using 4 fixing screws through the front panel fixing centres.

THE BASE

This is available in 3 depths of 250mm, 350mm and 450mm and three heights of 1U, 2U and 3U. It is also available in ventilated and unventilated versions. The base also has provision for the attachment of slides.

FRONT PANELS

These are available in anodised aluminium (black or clear) and are attached to the base by means of 4 screw fixings. There are 3 height variations of 1U, 2U and 3U and all will accept front panel handles.

Delivery: Please note that all units will be supplied assembled.

REAR PANELS

These are available in RAL 7035 painted steel and are attached to the base by 4 screw fixings. There are 3 height variations of 1U, 2U and 3U and all are removable.

503-232949	503-232955	503-232961
503-232950	503-232956	503-232962
1U	2U	3U
503-232978	503-232980	503-232982
503-232979	503-232981	503-232983
	503-232969 503-232970 503-232971 1U 503-232984 250mm 503-232963 503-232964 250mm 503-232945 503-232946A 250mm 503-232947 503-232948 250mm 503-232949 1U 503-232950	503-232969 503-232972 503-232970 503-232973 503-232971 503-232974 1U 2U 503-232984 503-232985 250mm 350mm 503-232963 503-232965 503-232964 503-232966 250mm 350mm 503-232945 503-232951 503-232946A 503-232952 250mm 350mm 503-232947 503-232953 503-232948 503-232954 250mm 350mm 503-232949 503-232955 503-232950 503-232956 1U 2U 503-232978 503-232980

Note: Care should be taken with 1U and 2U 450mm deep versions not to excessively weight load the unit without the use of additional chassis supports.

CONFIGURATED PART NUMBERS:

So that specific permutations can be provided, it is now possible to configure exact requirements using the chart below. Each digit of the order code represents an available option for example, part number 519-110111 represents a 1U rack case, 250mm deep with a plain top cover and base, clear anodised front panel and grey handles. Configured units will be supplied assembled.
