| <b>Color</b>    | Blue (BU)                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Features</b> | <ul style="list-style-type: none"><li>• Continuous Vinyl Labels are made with UV stable materials for long outdoor life.</li><li>• Labels are extruded in the actual color and not colored using surface inks for long term fade resistance.</li><li>• Continuous Vinyl is provided in continuous rolls so that the markers can be printed and cut to any length using HellermannTyton thermal transfer printing systems.</li></ul> |

**Product Dimensions**

|                                 |                  |
|---------------------------------|------------------|
| <b>Length (L)</b>               | 250.0ft / 76.2m  |
| <b>Width (W)<br/>(imperial)</b> | 1.0"             |
| <b>Width (W)</b>                | 25.4mm           |
| <b>Height (H)</b>               | 1.0" / 25.4mm    |
| <b>Print Method</b>             | Thermal Transfer |
| <b>Vertical Repeat</b>          | 1.0" / 25.4mm    |
| <b>Width of Liner (WL)</b>      | 1.0" / 25.4mm    |

**Material and Specifications**

|                 |       |
|-----------------|-------|
| <b>Material</b> | Vinyl |
|-----------------|-------|

|                                       |                                                                                   |
|---------------------------------------|-----------------------------------------------------------------------------------|
| <b>Adhesive</b>                       | Acrylic / Acryl                                                                   |
| <b>Adhesive Operating Temperature</b> | -40 °F to +180 °F (-40 °C to +82 °C)                                              |
| <b>Mech. Material Properties</b>      | UV resistant for 5 years outdoor exposure                                         |
| <b>Operating Temperature</b>          | -40 °F to +180 °F (-40 °C to +82 °C)                                              |
| <b>ROHS Conformity</b>                |  |
