range of products for the  
Food Industry

# Florafree®

## Florafree® Super

**'Food grade' non-tainting cream hand cleaner  
containing polygrains to remove oil, grease, fats  
and grime**

### Features:

**Non-Tainting** – Proven non-tainting formula

**Rapid Action** – Works rapidly and effectively to remove  
soilings

**Quick Rinsing** – Easily rinses away to leave no oily residue  
on the skin

**Moisturises Skin** – Added Glycerine, a highly effective  
humectant, moisturises the skin to help prevent dryness

**Dermatologically Tested** – Formula has been tested to  
prove it is non-irritant

**Mild Formula** – Neutral pH ensures it is ideal for frequent use

**Deep-cleaning** – Contains non-abrasive polygrains to give a  
deep-down clean without damaging the skin

**Pleasant to Use** – Cream consistency ensures it is pleasant to  
use and leaves the skin feeling fresh

**Conditions Skin** – Contains Wheatgerm extracts, a source of  
Vitamin E to help leave the skin soft and supple after use

### Usage:

Specifically formulated for maintenance staff in food factories. Apply at the end of each work period, or more frequently if required, to remove soilings, such as oil, grease, fats and general dirt and grime.

### Product Testing:

| Skin Test                              | Comments                                                                                                  |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------|
| Toxicological Approval                 | Formulation assessed by a Toxicologist and declared 'non-toxic'                                           |
| Dermatological Test                    | 48hr single patch test, with results validated by a dermatologist, shows the product to be 'non-irritant' |
| Trans-Epidermal Water Loss (TEWL) Test | Results show no negative impact on the barrier function of the skin during regular, daily use             |

| Skin Test              | Comments                                                                        |
|------------------------|---------------------------------------------------------------------------------|
| TES-004 Non-Taint Test | Evaluated to prove there is no transfer of taste/smell from the product to food |
