Features	• Foam Nameplate labels are less costly than plastic or metal engraved plates, saving material costs. • Foam Nameplate labels conform to textured and other low energy surfaces ensuring the labels stay in place for the life of the product. • Labels are UV and chemical resistant for long life in an industrial environment. • Foam nameplate labels are printable using a thermal transfer printer for complete control and on-demand creation of labels.
Self adhesive (Yes/No)	Yes
Typical Application	The use of our specially formulated adhesive labels printed on thermal transfer printers give the highest quality print clarity. The range of materials are complemented by ribbons developed to suit the needs of most users. The production of labels is very simple. All that is needed is the required label to be selected from our industry leading software TagPrint Pro.
