

Wheel Mouse Optical

- Optical technology means no more moving parts to wear or get dirty, and no more having to use a particular mouse mat as it will work on lots of different surfaces
- Scroll through documents using the wheel instead of clicking on scroll bars
- IntelliPoint software is included
- Left or right handed use
- PS/2 or USB connector
- Supports Win 98/ME/2000 pro/XP/NT4.0 (sp6 or later-not USB), Mac OS8.6 to 9.x-OS10.1
