This image shows a completed LEGO Technic assembly, likely a robotic arm or gripper. The base is a large black Technic plate. On the left, a grey motor is connected to a series of gears and axles. A red rubber band is stretched across the mechanism. Two vertical yellow Technic beams are positioned on the right side. The arm structure is built using black Technic beams and connectors, with a red Technic piece visible near the base of the arm. The entire assembly is built on a black Technic plate.

■ Környezetvédelmi tudnivalók:

Az elektromos és elektronikus alkatrészeket (pl. motorok, lámpák, érzékelők) nem szabad a háztartási szemétbe dobni. Az elhasznált, rossz alkatrészeket az elektromos és elektronikai készülékeknek fenntartott gyűjtőhelyen kell leadni.

A termék csomagolásán található szimbólum erre figyelmeztet!
