

## RCD Protection

### RCD07MAV Valiance RCD Twin Metal - Active

Twin socket RCD circuit breaker simply replaces an existing twin socket providing two protected switched socket outlets. Its strong metal construction is ideal for use in factories and other industrial environments where protection against shock and fire hazard is essential. The contacts break when power supply is temporarily lost.

- Supplied with a 40mm BS metal surface wall box.
- Provides two protected switched socket outlets for convenience and extra safety.
- Protects appliances from possible fire hazard.
- Manual reset.
- Extra fast action – trips out within 40 milliseconds (BS7288).
- Automatically disconnects both Live and Neutral connections leaving Earth connection intact.
- Trips out when the power supply is temporarily lost. A safety must for machine tool applications.
- Test button for safety checks.
- Still protects with lost neutral.
- Still protects with pulsating DC earth fault currents.
- Complies with BS7288 and BS1363.
- **Part No. RCD07MAV**

## Specification

Type	Active – Non-Latching
Operating Voltage	230V AC
Current Rating	Fully complies with BS1363
Rated Trip Current	30mA
Trip Speed	BS 7288 – 40ms
Contact Break	Double Pole
Continues to Protect With	Lost Neutral & Pulsating DC Earth Fault
Cable Capacity	Up to 10.5mm <sup>2</sup>
Conforms To	BS1363, BS7288
Dimensions (mm)	Height 87, Width 148, Depth 56
