SPECIFICATIONS

Essentials

Status	Launched
Launch Date	Q2'12
Expected Discontinuance	2015
Limited 3-year Warranty	Yes
Extended Warranty Available for Purchase (Select Countries)	Yes
Board Form Factor	miniITX
Socket	LGA 1155
Integrated Systems Available	No
Integrated BMC with IPMI	No
Embedded Options Available	No
Max TDP	95 W
Included Items	I/O Shield, SATA Cables
Recommended Customer Price	
Target Market	Small Business/1st Server
Additional Information URL	Link

Memory Specifications

Max Memory Size (dependent on memory type)	16 GB
Memory Types	DDR3 ECC/nonECC UDIMM 1066 1333
# of Memory Channels	2

Graphics Specifications

Integrated Graphics ‡	Yes
Graphics Output	DVI-I
Discrete Graphics	No

Expansion Options

PCI Express Revision	2.0
PCIe x16 Gen 2.x	1

I/O Specifications

USB Revision	2.0
# of USB Ports	4
USB 2.0 Configuration (Back + Internal)	6
Total # of SATA Ports	4
# of LAN Ports	2
Integrated LAN	2x 1GbE

Package Specifications

Max CPU Configuration	1
Low Halogen Options Available	See MDDS

Advanced Technologies

Intel® vPro Technology ‡	No
Intel® ME Firmware Version	False
Intel® Remote Wake Technology	No
Intel® Remote PC Assist Technology	No

AES New Instructions	Yes
----------------------	-----

All information provided is subject to change at any time, without notice. Intel may make changes to manufacturing life cycle, specifications, and product descriptions at any time, without notice. The information herein is provided "as-is" and Intel does not make any representations or warranties whatsoever regarding accuracy of the information, nor on the product features, availability, functionality, or compatibility of the products listed. Please contact system vendor for more information on specific products or systems.

"Intel classifications" consist of Export Control Classification Numbers (ECCN) and Harmonized Tariff Schedule (HTS) numbers. Any use made of Intel classifications are without recourse to Intel and shall not be construed as a representation or warranty regarding the proper ECCN or HTS. Your company may be the exporter of record, and as such, your company is responsible for determining the correct classification of any item at the time of export.

"Announced" SKUs are not yet available. Please refer to the Launch Date for market availability.

System and Maximum TDP is based on worst case scenarios. Actual TDP may be lower if not all I/Os for chipsets are used.

The Recommended Customer Price ("RCP") is pricing guidance for Intel products. Prices are for direct Intel customers and are subject to change without notice. Taxes and shipping, etc. not included. Prices may vary for other package types and shipment quantities, and special promotional arrangements may apply. Listing of these RCP does not constitute a formal pricing offer from Intel. Please work with your appropriate Intel representative to obtain a formal price quotation.

‡ This feature may not be available on all computing systems. Please check with the system vendor to determine if your system delivers this feature, or reference the system specifications (motherboard, processor, chipset, power supply, HDD, graphics controller, memory, BIOS, drivers, virtual machine monitor-VMM, platform software, and/or operating system) for feature compatibility. Functionality, performance, and other benefits of this feature may vary depending on system configuration.

Low Halogen: Applies only to brominated and chlorinated flame retardants (BFRs/CFRs) and PVC in the final product. Intel components as well as purchased components on the finished assembly meet JS-709 requirements, and the PCB / substrate meet IEC 61249-2-21 requirements. The replacement of halogenated flame retardants and/or PVC may not be better for the environment.

Some products can support AES New Instructions with a Processor Configuration update, in particular, i7-2630QM/i7-2635QM, i7-2670QM/i7-2675QM, i5-2430M/i5-2435M, i5-2410M/i5-2415M. Please contact OEM for the BIOS that includes the latest Processor configuration update.
