

SPARTANS

www.swanstromtools.com

The ancient Greeks admired Strength, Form and Function. These qualities have endured the test of time and remain a cornerstone of the modern world's celebration of engineering and technological achievement. Spartan Tools, manufactured by Swanstrom, capture the essence of these timeless traits in rugged, dependable, hand tools for the electronics industry. Forged out of superior steel, in Superior, Wisconsin, Spartan tools by Swanstrom have again, raised the bar of excellence in the electronic assembly industry.
