

VISUGEL

006835 Cleaner for screens even fragile

The VISUGEL cleaning product especially formulated for the maintenance of the flat-faced screens, LCD, TFT, PDA and screens of portable computers. Biodegradable, not fat, without run-out with the application, the VISUGEL does not leave any trace and allows an effective cleaning of all types of stains, like fatty and dry dirtinesses without deteriorating the surface of this equipment. Equipped with anti-static properties, VISUGEL avoids the fast accumulation of dust on the screens.
