

Silicon Schottky Diodes

- For mixer applications in the VHF / UHF range
- For high-speed switching applications
- Pb-free (RoHS compliant) package

Testcircuit

Technical drawing of a stepped shaft. The shaft has a total length of 1.3. It features a central step with a diameter of 0.8. The diameter of the main shaft body is 0.9. The distance from the left end to the start of the step is 0.8, and the distance from the end of the step to the right end is 1.2.

The diagram shows a top-down view of a BCW66 LED package. It is a rectangular component with four pins. The top pin is labeled 'Pin 1'. The package has a central rectangular area with the text 'EHS' and '65' (representing the date code 2005, June) printed on it. The Infineon logo is visible in the top right corner. Labels with leader lines point to the Infineon logo (Manufacturer), the date code (Date code (YM)), and the BCW66 text (Type code).
