

AFC

Anti-Static Foam Cleanser

AFC is an efficient anti-static foaming cleanser for surfaces prone to static dust attraction. It has been specially developed for use on plastics, metal, glass and synthetic surfaces.

- Highly efficient, biodegradable hard surface cleaner; ideal for a vast array of surfaces
- Powerful anti-static properties; prevents dust build-up
- Non-flammable; unlike many other foaming cleaners which may exhibit a low flash point when sprayed
- Safe on delicate surfaces; glass lenses treated with AFC will remain mist-free for long periods

Typical Properties

Form	Aqueous Liquid with Lemon Fragrance
Density (g/ml)	0.865
pH	7 to 8
Boiling Point (°C)	>100
Flash Point	Non-Flammable according to BAMA Tests

Directions for Use

Spray on surfaces to be treated and wipe away ingrained contamination. Re-spray, wiping gently to remove foam. It is recommended that lint-free cloths such as Electrolube ECW are used in conjunction with this product.
