1. For models with built-in ATSC/QAM/CableCARD: Optional external over-the-air antenna may be required for ATSC reception. Contact your local cable company for information regarding the availability and costs of CableCARD-related services. For models without built-in HDTV tuners: Optional HDTV set-top receiver required to view DTV programming. Optional external over-the-air antenna may be required for ATSC reception. If your cable company passes through a network DTV signal unchanged, an optional HDTV set-top receiver can decode and tune the program. However, FCC must-carry regulations for cable DTV pass-through have not been finalized.
