Natural Convection

Forced Convection

If you wanted extrusion 60080 cut to a length of 6.500" and black anodized, the part number would be: 600803B06500. The unit price would be by the piece.

If you wanted extrusion 60080 cut to a length of 14.725" and a wash finish, the part number would be: 600803U14725. The unit price would be by the piece.

*For unfinished extrusions with cut lengths other than half bar, the finish designation is required.

Standard Aavid Thermalloy parts require all 12 positions to be complete.

Non-Standard Extrusions

Aavid Thermalloy has over 10,000 extrusion profile designs on file, most with the extrusion die already available. While these parts may have minimum order requirements and longer lead times, but may be cost effective compared to a new design.

Customizing & Advanced Capabilities

We offer several options for those applications which require a more unique solution. Challenge us with your requirements - we can design custom solutions.
