

Push Button Flush

Description:

The RAP2 range of push button switches is manufactured to give protection to IP67. The unique double seals on the push buttons ensure that no moisture or dust can get behind the switch and stop it operating in adverse conditions such as freezing rain, likewise the two and three position selector switches have a doubled lipped O ring and inner seal giving the same protection. The switches are suitable for use in all outdoor applications and in industries, such as the automotive and food industry where constant washing, salt spray and other substances would, ordinarily, cause switches to fail.

Specifications:

IP / NEMA Rating : IP65
Body Diameter : 22mm
Series : RB2

Part Number Table

Description	Part Number
Pushbutton, Flush, 22mm, White	RB2-BA1
Pushbutton, Flush, 22mm, Black	RB2-BA2
Pushbutton, Flush, 22mm, Green	RB2-BA3
