

JOBY[®] gorillatorch[™]

The Gorillatorch secures to virtually any surface and allows you to cast a focused beam of intense light anywhere and everywhere. Use it in ways you could never use a traditional flashlight: pop it under the car-hood when checking the engine, attach it to the bedpost for lights-out reading, secure it to a tree-branch to illuminate your campsite – or straighten the legs and use it as a handheld while walking the dog. Your imagination is the only limit!

PRODUCT FEATURES:

- **Flexible, wrappable legs and magnetic feet** allow you to attach the Gorillatorch to just about anything; illuminate any target while keeping your hands free.
- **Adjustable intensity, up to 65 lumens**, allows you to dictate the level of brightness for use in any scenario. The integrated dimmer switch allows you to control power and brightness with a twist of the wrist.
- **Rubberized ring and foot grips** provide enhanced stability on slick or uneven surfaces and don't scratch paint.
- **Water resistant**, the Gorillatorch shines in all environments, no matter how extreme.
- **Compact and lightweight**, the Gorillatorch is ready for your next adventure. Its adaptable form factor enables you to stow it anywhere.
- **Versatile, powerful, dependable, portable and fun**, the Gorillatorch is a brilliant gift for the enthusiast: auto repair, home improvement, camping/outdoor, and creative lighting – the possibilities are endless!
