120	32.9 (1.295)	36.3 (1.429)						
140	37.9 (1.492)	41.3 (1.626)						

Series 5645 is 0.5mm pitch and 1.5mm mated height lowprofile board to board connector, designed for high density mounting, especially for a need of low-profile mating.

### **FEATURES**

Pitch is 0.5mm. Mated height is 1.5mm which is a low-profile design. These features contribute to small sized board design.

Low-profile, super compact and offers high reliability.

This product has a metal strain relief which improves board peeling strength when soldered.

Connector design assists pre mating misalignment. Designed for protecting soldering wicking.

Designed for pick and place mounting. Parts are supplied in tape and reel with 2000 pieces per reel.

Contact sales office for details of other available pin counts.
