

- Easy to store
- Easy to dispense
- Single wall and adhesive lined tubings
- 2:1 and 3:1 shrink ratios

RaySpool

Convenient packaging and dispensing system for heat-shrinkable tubing

RaySpool offers a convenient packaging and dispensing option for a range of heat-shrinkable tubings. The tubing is supplied on small reels which are overboxed and feature a dispensing window allowing the tubing to be easily and readily accessed. The RaySpool

system will offer an ideal method of storing and using heat-shrinkable tubing for the workshop, service vehicle or laboratory.

A wide selection of different tubings are offered which will cover a diverse range of applications including electrical

insulation, strain relief, cable bundling and environmental protection.

Also available are RaySpool kits which comprise 6 boxes of RaySpool of the sizes indicated (x). The boxes are supplied with a mounting rack.

CGPT

A flexible, flame retarded general purpose heat-shrinkable tubing. Available in 2:1 and 3:1 shrink ratios its unique blend of chemical, electrical and physical properties makes it suitable for a wide

range of applications including electrical insulation, strain relief, cable bundling, colour coding and identification of wires, cables, pipes and electrical and electronic components.

LSTT

A highly flexible low shrink temperature heat-shrinkable tubing. Easy to handle and install, its low shrink temperature (80°C) offers exceptionally fast recovery and suitability for use on or near delicate temperature sensitive materials. Although not flame retarded, LSTT meets the automotive flame propagation standard MVSS 302.

LSTT gives good physical and electrical performance. Typical applications are electrical termination insulation, covering of heat sensitive devices, cosmetic coverings and mechanical protection.

CGAT

A flexible adhesive lined heat-shrinkable tubing. It has a flame retarded jacket and offers a balance of both electrical insulation

and environmental sealing. Typical applications are environmental sealing for electrical components, wire breakouts and cable jackets.
