

ATTRACTIVE AND RUGGED FOR WET AND DUSTY ENVIRONMENTS

The OTTO K3 series is a quality, precision switch designed to comply with standards established for appliance, marine (ignition protection) and off-road vehicles along with other demanding applications where rugged rocker switches are required.

K3 series sealed rocker switches snap into industry-standard panel cutouts. Choose illuminated and printed legends, thru-panel drain option, and switching compatibility from low level to 20 amps.

The K3 series offers a choice of LED, incandescent and neon illumination. Legends can be stamped onto a non-illuminated button, stamped onto an illuminated lens, or laser etched into the lens and backlit.

Available in standard and low level contact ratings, the K3 rockers will fit a wide range of applications. Expect a minimum of 25,000 cycles at a full rated load of 20 amps resistive or 15 amps inductive. 100,000 cycles are possible at low level loads. A full complement of switch operation is available including momentary and maintained action in 2- or 3-position switches in SPST, SPDT, SPTT, DPST, and DPDT circuit arrangements.

OTTO can provide custom colors upon request. Value-added assemblies with wire leads are also available. Please consult the factory for assistance.

Quality Features:

- Submersible, sealed watertight per IP68
- Snap-in panel mounting into industry standard panel cutout
- Optional panel seal gasket
- Thru-panel drain option
- LED, neon and incandescent lighting
- .250" Q.C. terminals
- Optional one-piece connector
- Optional terminal barriers
- Low level to 20 amp switch

Standard Characteristics/Ratings:

OPERATIONAL:

Mechanical Life:	100,000 cycles, minimum
Seal:	Watertight. Submersible to IP68
Operating Temperature Range:	-40°C to +85°C
Button/Case:	Thermoplastic.
Mounting:	Snap-In from front into industry standard panel cutout
Contacts:	Silver Alloy. Gold flash for low level
Terminals:	Brass 1/4" Q.C. Standard
Light Source:	6V, 12V, 24V Incandescent; 125V, 250V Neon; 2V, 6V, 12V, 24V red, green, amber LED

ELECTRICAL:

LOAD Type	CURRENT RATING		LIFE (Min.)
	12V & 28V	110VAC	
Resistive	20A	16A	25,000 cycles
Inductive	15A	15A	25,000 cycles
Lamp	5A	5A	25,000 cycles
Motor Load:	1/2 HP at 110 VAC		
Dielectric Withstand:	1050 Vrms except across light terminals		

Compliance Standards (Pending):

EN61508-1 for appliance switches
UL 1054 for special use switches
UL 1500 for ignition protection of marine products
SAE J1455 for heavy duty trucks

Stop Here for unlighted switches without legends. The switch you have specified will be supplied with a rocker button without lenses and without legends. Example: K3AA1FAA

SEALED, ILLUMINATED ROCKER SWITCHES

ATTRACTIVE AND RUGGED FOR WET & DUSTY ENVIRONMENTS

Part Numbering Example:

K3DB1ENJ-21T1T2994

Switch Description

K3 rocker switch
for low level switching, without terminal barriers
featuring a black rocker and bezel without drain holes
in a SPDT, Mom On – Off – Mom On circuit arrangement
with 12VDC red LEDs
lit independently in both positions

Switch Description

Green lens in Position A and a Red lens in Position C are respectively pad-printed with Rabbit Legend in Position A Turtle legend in Position B
both in white
with the legends rotated 270° so that the switch can be mounted in the panel vertically with the Rabbit at the top of the switch

NUMBERING CODE

Position "A"	Lens Color	Position "C"
1. Transparent Red	1. Transparent Red	1. Transparent Red
2. Transparent Green	2. Transparent Green	2. Transparent Green
3. Transparent Amber	3. Transparent Amber	3. Transparent Amber
4. Clear	4. Clear	4. Clear
5. Translucent White	5. Translucent White	5. Translucent White
Z. No Lens	Z. No Lens	Z. No Lens

* Use with neon lamps

Stop Here for lighted switches without legends. The switch you have specified will be supplied with a rocker button with lenses, but without legends.
Example: K3AAIFNH-44

Note

It is not recommended to use green LEDs with translucent white lenses. This will reduce light intensity.

Position "A"	Legend Style	Position "C"
List "ZZ" in each position for no legend		
Refer to Legend Table for Legend Codes.		

Position "A"	Legend Color	Position "C"	Legend Rotation
1. Red	1. Red	1. Red	1. Standard
2. Black	2. Black	2. Black	2. 90°
9. White	9. White	9. White	3. 180°
B. Backlit/Daylight White	B. Backlit/Daylight White	B. Backlit/Daylight White	4. 270°
D. Backlit/Deadfront	D. Backlit/Deadfront	D. Backlit/Deadfront	
Z. No Legend	Z. No Legend	Z. No Legend	

Connector: Part Number 801775-2A without latches.
Part Number 801775-2B with latches.
Part Number 807037.

Panel Seal Gasket:
Order separately for use with switches without drain holes.

Panel Plug: Part Number K300000040.
