

CK-900 Series

Analog Panel Meters

CK-900 1"

CK-910 1-1/2"

CK-920 2-1/2"

CK-930 3-1/2"

FEATURES

- Very popular for marine & VU applications, the CK-900, CK-910, CK-920 & CK-930 Series Panel Meters are low cost and have 2-5% accuracy. This series is designed for "drop-in" replacements to many competitors models.
- Available in most AC/DC ranges and easily installed with window or surface mounting.
- The CK-900 Series also features high impact translucent cases, operating zero adjusters and illumination options to enhance the backlighting of the instrument.
- Connections are made through the 1/4" quick disconnect terminals which may also serve as solder tabs.
- Other optional terminals available.

DIMENSIONS

MODELS	A	B	C	D	E	F	G
CK-930	3.72	2.89	2.62	.930	1.65	1.02	.100
