Universal swan neck taps

These universal swan-neck taps are equipped with anti-scaling aerators.

They are also supplied with a water saver for installation as needed.

Two types are available: washbasin and kitchen.

Adapt to all plumbing with a M 1½" (wash room swan-neck) or ¾" (kitchen swan-neck) outlet, or others, with the use of intermediate reductions (ordered separately).

Dimensions (mm):		
application	F	L
Sink	¾"	200
Hand basin	1/2 in.	150 hrs
